During this time of unrest in our country we must remain vigilant and prayerful. People are angry about the injustices of this world. Jesus calls us children of light and we **MUST** remain the light in a world filled with darkness. God sees everything and does not turn a deaf ear to this world. No man, nor man-made institutions can deliver justice like our God! Humans can not correct that which only a Holy God can do. I believe every Word in the Bible, I believe that God will right every wrong, I believe that God rains on the just and unjust, I believe that God has a plan, I believe that God is Sovereign, I believe that His Timing is the right time. Don't allow the world to blind your eyes to God and what He is doing , we may not know the plan but we **MUST** trust the Master planner and His plan for us and the world in which we live. Pray, Believe, and Trust during this season.
